WELCOME OUR NEWEST STAFF MEMBERS

Don Coates, *Director of Development*, has led fundraising efforts for several nonprofit organizations in the DC/Baltimore metro area during his more than 28 years of fund-development experience. Don is a long-time member of both the Direct Marketing Association of Washington, DC (DMAW) and the Association of Fundraising Professionals (AFP). He lives in Washington, DC and serves as a member of the Board of Directors for a community-based youth nonprofit.

Charles Hunter, *Project Manager*, has worked as a Project Manager for 17 of his 30 years of experience in construction. He is a carpenter by trade and has built and remodeled over 1,000 homes in the Outer Banks and Washington DC areas. Charles received awards for his craftsmanship throughout his career. He enjoys being able to solve problems employing the motto—"no problems, only solutions."

Anne Holic, *Project Manager*, has a Master's degree in Architecture. Recently, she was Lead Professor and Department Head of Interior Design at the Art Institute of Washington. Previously, she ran her own Architectural Design company overseeing residential additions and renovations. Anne worked four years with Habitat for Humanity guiding affordable home construction. She enjoys travel, the outdoors, and spending time with her husband and three children.

JoAnna Woodard, *Bookkeeper*, is an accountant professional with a decade of experience within the private sector. Outside of work, she enjoys hiking with friends and family. She also enjoys volunteering at her grandchildren's school, teaching an old-fashioned home economics class, which includes sewing, baking, and teaching the kids how to prepare a healthy meal or snack.

"The bar installed in my tub has made all the difference getting in & out of the shower. I love it! Especially when I was going through chemotherapy. Thank you."

REPAIRING HOMES. REVITALIZING COMMUNITIES

*Thanks to
this year's
volunteers
and funding
partners!*

ES. REBUILDING LIVES.

Our Volunteers Made a Difference

Every year, on the last Saturday in April, we celebrate **National Rebuilding Day**. This year, more than 800 volunteers made critical repairs to over 40 homes to keep residents living in safe and healthy neighborhoods throughout DC and Alexandria! Volunteers rebuilt walkways, installed grab bars and handrails, fixed leaky faucets, removed soiled carpet, repaired fences, replaced kitchen cabinets, and so much more!

Get Involved!

We are looking for members to join:

- **Development Committee:** responsible for the planning, supervision and coordination of fundraising efforts; meets the second Wednesday of every month.
- **Events Committee:** plans our annual fall fundraising event. Meets as needed.
- **Mod squad team:** tackles repair projects throughout the year – they tend to be small but skilled projects, like installing a handrail or fixing a broken outlet.
